

Gradient Band

Vector gradients have no OOXML paragraph equivalent.

Inline SVG chart

Rounded card. Border radius is not expressible on a Word table cell; the corners must either be squared off or rasterized.

Rotated text

Body after graphics

Retrieval quality degrades non-linearly as the corpus grows past the point where the embedding model was calibrated, and the failure is quiet: recall stays flat while precision collapses in the tail. Teams that measure only average relevance will not see it.
